

Images of Easter

Palms

The last Sunday before Easter is called Palm Sunday. It is the first day of Holy Week. On Palm Sunday Christians remember Jesus riding into Jerusalem on a donkey. Because it was coming up to the Jewish festival of Passover, there were crowds of people travelling to the city. When they saw Jesus many of the people began cheering and started to wave palm leaves which they had cut down from the trees. In many churches crosses made from palm leaves are given out on Palm Sunday.

Your Task:

Make a cross using plants

What you will need:

Leaves or twigs

You could look in your garden or perhaps in a local park for some leaves or twigs that you could make into a cross.
