

A dragon is coming to Wakefield ...

The Hatchling is a ground-breaking outdoor theatrical performance.
With a wingspan of over 20 metres, the Hatchling is the
world's largest human-operated puppet to fly.

This August, The Hatchling undergoes an incredible metamorphosis,
unfurls her wings, and takes flight!

**We want YOU to be part of this breath-taking experience of a
lifetime!**

We're looking for choir members to sing to The Hatchling as she
takes flight across Pugney's.

**To find out more about taking part in the spectacular finale,
contact ADOM@wakefield-cathedral.org.uk**
